

1) Feu-vos un compte a zerotier.com: <https://my.zerotier.com/login>

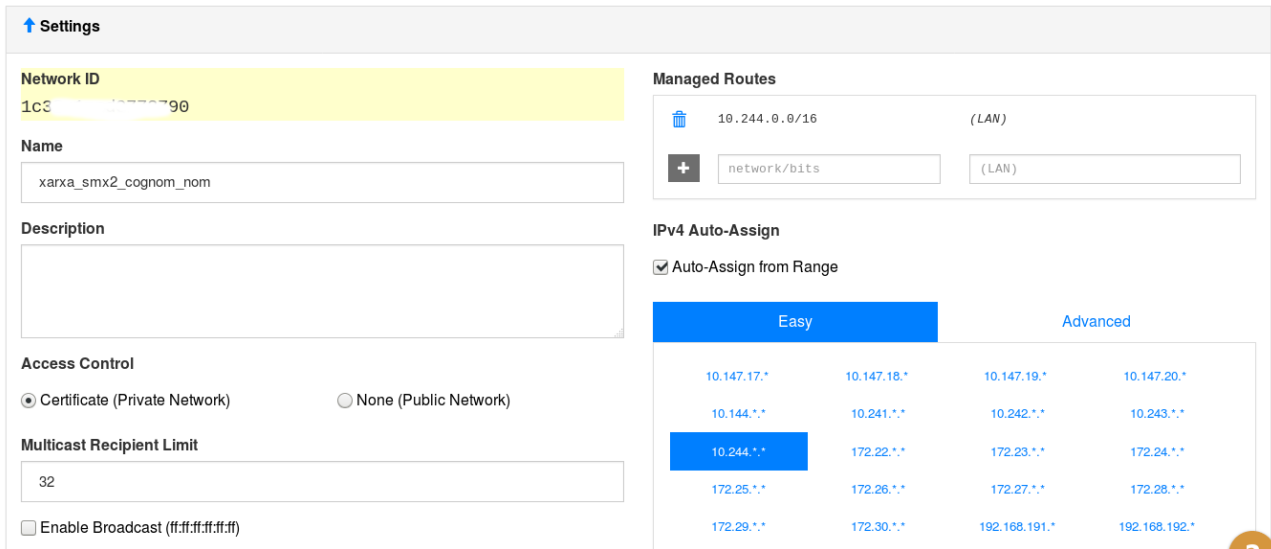

The screenshot shows the ZeroTier account page. At the top, there is a navigation bar with the ZeroTier logo and links for Download, Account, Networks, System, API, Community, and Logout. The main content area is divided into several sections: Authentication (jordibinefa@... (local) with a Change Password link), Internal ID (e675d...), E-Mail (jordibinefa@...), Display Name (jordibinefa@...), SMS Number (+1###-###-#### with a Send Test Message link), API Access Tokens (eqfi... [show] with a + Create Access Token link), Account Credit Balance (\$0.00), and Subscription (Free). The Free subscription details include: Connect up to 100 devices to unlimited networks, and Get help from our documentation, knowledge base, and community. A help icon (?) is visible in the bottom right corner.

2) Creeu una nova xarxa (prement el botó **Create**):

The screenshot shows the ZeroTier Networks page. At the top, there is a navigation bar with the ZeroTier logo and links for Download, Account, Networks, System, API, Community, and Logout. The main content area is divided into several sections: A Create button and a Search field (Address / Name). A list of New Networks (1) is shown, with one network named 'happy\_vail' and ID '1c33...790'. Below this, there is a message: 'No devices have joined this network. Use the ZeroTierOne app on your devices to join 1c33...790. Visit the downloads page to get ZeroTier One'. There is a section for 'Send E-Mail Invitation With Join Instructions' with an input field for 'alice@example.com' and an Invite button. A section for 'Manually Add Member' has an input field for a phone number and a + Add New Member button. At the bottom, there are sections for 'Flow Rules' and 'Sharing'. A Delete Network button is visible in the bottom left corner, and a help icon (?) is in the bottom right corner.

3) Aneu a la part superior de la pàgina i modifiqueu el nom de la vostra xarxa. Afegiu-hi una xarxa de tipus 10.244.\*.\* (no ha de coincidir amb cap àmbit de xarxa de qualsevol dispositiu susceptible a ser adjuntat). Un cop fet (espereu uns segons), esborreu la xarxa que us havia sortit per defecte (la primera de **Managed Routes**. Per a esborrar premeu sobre la icona de la paperera).

4) Descarregueu-vos l'aplicació ZeroTier One (per Android o IOS). La descàrrega directa es pot fer des de <https://www.zerotier.com/download.shtml>
